Subject: Re: Pet Therapy at EPA Office

Hi Venus-

We are a federal agency and have approximately 475 people in our office. We started our program last April and generally have 20-50 employees who stop by our monthly therapy dog hour to visit with the dogs and handlers. Our visit days are Tuesday, Wednesday and Thursday and generally the visits are scheduled before 2pm. I will make sure to add you to the notices of upcoming dates so you have plenty of advance notice. What breed is Savannah?

Thanks,
Suzanne

Hello Suzanne,

Thank you for the information. The 15th of February is too late of notice for me. Savannah and I do a lot of pet therapy work and therefore book up a month or two in advance. We are normally available at about 2:00p.m. due to my other scheduled appointments.

What type of company do you run where you are requesting pet therapy visits? I always like to know the environment I will be bringing Savannah into. Savannah and I do pet therapy work at several hospitals, nursing homes, and have also been guests of some downtown corporate offices.

If you are able to give us a few weeks notice for future visits we would love to visit with you guys. Have a nice weekend.

Hi Venus –

Would you be available next Thursday, 2/15 at 11am to participate in the monthly therapy dog visit with employees at our EPA office and/or would you let me know if you might be interested in future monthly visits? I have attached a description of our program and information about visiting our offices at 1595 Wynkoop. Please tell me a little about Savannah and your experience with Savannah doing pet therapy visits.

Thank you,

Suzanne

Subject: Pet Therapy

Hello Suzanne,

My dog Savannah and I are a registered pet therapy team with ATD. We are located in Denver. Please reach out to me with any questions you may have in regards to pet therapy visits.
